

# PERFORMANCE RESPONSIBILITY INNOVATION NETWORK TRUST

At Qualprint we have five core values that shape the way we run our business, both internally and externally.

**Print performs** for our customers. Our expert staff performs to a high standard and we maximize the efficiency and performance of our equipment in every department daily. **Print is responsible.** It is what helps the forest industry survive and thrive. It is our responsibility to make sure your projects are taken care of while maintaining a commitment to sustainability. **Print is innovative,** and at Qualprint innovation is our top priority. We constantly reinvent and reinvest — ensuring we are able to offer nothing but the best to our valued partners. **Print involves a network** of resources and a network of people. There is constant collaboration between our employees and our customers; we do our best work when we're working together. **Print requires trust.** Our customers trust that when they work with Qualprint their projects will meet or exceed their expectations and be finished on time.
